

SAT Error Log: Blank Review Worksheet

Keep this copy private. Record a narrow skill, a cause and a fresh check. Retrying the same problem and solving a different problem answer different questions.

Entry 1

Date and question/resource

Skill and my original method

Cause: knowledge / setup / evidence / arithmetic / timing / answer entry

Corrected method in my own words

Retry date and result

Fresh-check question and result

Next specific task and date

Entry 2

Date and question/resource

Skill and my original method

Cause: knowledge / setup / evidence / arithmetic / timing / answer entry

Corrected method in my own words

Retry date and result

Fresh-check question and result

Next specific task and date

Illustrative Filled Example

Invented study data. This is a teaching example, not a customer result or score promise.

Date

Example only

Resource

peaksat.com/questions/semicolon-however-two-clauses

Skill

Independent-clause boundaries

Original method

Selected a comma before however without testing the clauses.

Cause

Knowledge: treating however as a coordinating conjunction.

Corrected method

Both sides are independent; use a semicolon before however and the supplied comma after it.

Retry result

Example: reconstructed the original rule without notes.

Fresh check

Change however to therefore; test both clauses again.

Fresh-check result

Example: used a semicolon and explained the boundary.

Next task

Practice an introductory because-clause to distinguish a dependent opener.

Use and privacy

You may print, download and share unchanged PeakSAT-created worksheet files for personal study, classroom teaching and nonprofit advising, with attribution to PeakSAT and the original resource link. This permission does not cover resale, republishing the full material as your own, logos, third-party materials or official College Board questions. Public packets require no account.
